7. X out of the label drop down, and then submit the bug

The screenshot shows the GitHub web interface for the repository 'cs340tabyu / CatanBugTracker'. The 'Issues' tab is active. A new issue form is open with the title 'A bug' and the body 'This is a bug'. The 'Submit new issue' button is highlighted with a red rectangle. The form includes a title field, a body field with a 'Write' and 'Preview' toggle, and a 'Submit new issue' button. On the right, there are filters for Labels (Phase 1, Team 2), Milestone (No milestone), and Assignee (No one—assign yourself).

8. Boom that's it!

To view the bugs logged against you:

Go to this link:

1. <https://github.com/cs340tabyu/CatanBugTracker/issues>
2. In the search box enter label:"Phase X" label:"Team Y", where X is the phase you want to see and Y is your team number. **Press enter**

The screenshot shows the GitHub interface for the repository `cs340tabyu / CatanBugTracker`. The top navigation bar includes links for Pull requests, Issues, and Gist. The repository name is displayed, along with 'Unwatch' and 'Star' buttons. The 'Issues' tab is selected, and the search bar is highlighted with a red box. The search query entered is `is:issue is:open label:"Phase 1" label:"Team 2"`. Below the search bar, there is a list of issues. The first issue is titled 'A bug' with labels 'Phase 1' and 'Team 2'. It is marked as '1 Open' and '0 Closed'. A 'ProTip!' message suggests excluding one's own issues with the filter `-author:cs340tabyu`.

3. Click the name of the bug you want details about

GitHub repository page for **cs340tabyu / CatanBugTracker**. The page shows the **Issues** tab selected. A search filter is applied: `is:issue is:open label:Phase 1 label:Team 2`. The search results show 1 Open issue and 0 Closed issues. The first issue, **A bug**, is highlighted with a red box. The issue title is **A bug**, followed by labels **Phase 1** and **Team 2**. Below the title, it says **#1 opened just now by cs340tabyu**. The page also includes a **New issue** button, a **Clear current search query, filters, and sorts** button, and a **ProTip!** message: **Exclude your own issues with `-author:cs340tabyu`.**

- Once you have fixed the bug, or have otherwise found a resolution to the bug click the “Close issue” button.
